In Closing...

The establishment of annual tuition amounts and the selection of tuition payment options is a difficult task taken very seriously by RTCS Administration and Board of Directors. Every effort has been made to minimize the cost of education while ensuring the maintenance and/or needed expansion of educational standards.

We appreciate the equally-difficult task that Parents/Guardians have of managing household budgets, and hope you appreciate the responsibility we have in managing Robinson Township Christian School's. We strongly suggest that every available form of financing be explored. A family's decision for Christian education may involve the financial commitment of extended family members and the church.

Thank you for your commitment to Christian education. Let us all continue to pray for the success of our students at Robinson Township Christian School.
