

ROBINSON TOWNSHIP CHRISTIAN SCHOOL 77 PHILLIPS LANE • ROBINSON TWP., PA 15136 (412) 787-5919

Dear Friends and Families of Robinson Township Christian School,

I am inviting you, as well as extended family and friends of RTCS, to join the RTCS Stability Fund. The Stability Fund exists to provide regular and predictable operational financial support to the school. In order to keep tuition affordable, RTCS budgets just under 20% of its revenue from sources other than tuition. These sources include fund-raisers such as the Annual Dinner Auction and the Run for Fun. It is our plan that the Stability Fund will go beyond a yearly fund-raiser and become a consistent means of revenue for the school.

How does the Stability Fund work?

To be a part of the Stability Fund, we request that friends of RTCS commit to a monthly donation of \$30 (gold level), \$20 (silver level), or \$10 (bronze level). This donation would be sent to RTCS by the fifteenth of each month, or a date each month that is convenient for you.

What are the benefits of the Stability Fund for RTCS?

RTCS benefits from the Stability Fund by receiving a regular stream of monthly funding that is on-going and, therefore, predictable. As such, the finance committee can count on these monthly funds to support the regular expenses of RTCS.

What does the Stability Fund member receive?

Because the Stability Fund is intended to support the monthly operating costs of running RTCS, it would not be cost-effective to provide our contributors with trinkets and gifts in return for their donations. However, because you have chosen to invest in the life of RTCS, we will provide annual summaries regarding our programs and activities so that you can remain plugged into the life of RTCS. If you would like to hear about RTCS on a more regular basis, let us know; we could definitely provide you with more information.

Who should join the Stability Fund?

Anyone who desires to assist RTCS in its work or mission. Those who have been blessed through the ministry of RTCS through their own education, or through the education of their children, grandchildren, or their friend's children. Those who believe that the ministry and work of RTCS is valuable in educating students in a Christian world and life view.

What is the advantage of contributing to RTCS via the Stability Fund?

Donating to RTCS through the Stability Fund allows individuals and families to provide a regular monthly donation that is inexpensive and will fit into their monthly budget without a substantial strain on monthly spending. For many families, a one-time contribution of \$120 may not be feasible; however, if divided into monthly payments of \$10, it may be something that will easily fit into the family budget. Ultimately, we do not encourage anyone to spend beyond their means and we do not ask that you decrease your tithing commitment to your churches in order to participate in this fund; however, many individuals make monthly contributions to missionaries and para-church ministries. We ask that you consider RTCS in such giving, and we have provided the Stability Fund as a means to do this.

As you prayerfully consider this means of providing for the ministry and work of RTCS, I thank you for your past support of RTCS. I trust that you will continue to partner with us in providing a quality Christian education to students in the suburbs of Pittsburgh. For 32 years we have served this community, and with your assistance we can continue to serve Robinson Township and the surrounding area for many years to come.

Soli Deo Gloria,

Art Broadwick,
Principal
